

Patch Tuesday

ivanti

JUN 2024

Microsoft is taking it easy on us this month. There are 51 CVEs resolved in the June Patch Tuesday update. We have new releases of Chrome, Edge and Firefox this Patch Tuesday so update all browsers. While Adobe did update 167 CVEs across 10 products, they were all listed as Priority 3 and Adobe Reader was not in the lineup. Priorities this month are going to be the browsers and the Windows OS.
