Today is Patch Tuesday. There are 14 Shopping/Patching Days remaining until Christmas and only one more Patch Tuesday before Windows 7 and Server 2008/2008 R2 reach their inevitable end of support, unless you're among the 59% of IT professionals who still don't have all of their users on Windows 10. Also make sure you update your Acrobat, Acrobat Reader, and Chrome versions as there are 21 CVEs in the Adobe release and 51 CVEs in Google's releases this month.
